Shipping is separate and charged later—release dates vary per wine. This program guarantees the consumer an allocation of limited production wines at 35% to 50% off the release prices, allowing the winery to bypass wholesale distributors and dealers. Bottling dates are estimates and may change. It is the responsibility of the buyer to provide updated contact and billing information for shipping. Thank you for buying futures.
All sales are final. *The winery will hold wines for 6 months after bottling.*
